Thank you for contacting the Magi Society (pronounced may-jigh as in high).

This email contains the information you requested about the Magi Society's Members Only Software for love and money, how to join the Magi Society and the benefits of membership.

This email does not contain information about the Magi Society's Financial Astrology Software. If you requested such information, you will receive the info in a separate email.

If you would like to speak with a Magi Society representative, you may set up a special appointment by emailing us at magiastro@aol.com. Please be sure to include your phone number and we will call you anywhere in the world.

We are an "open" society, meaning anyone may join and we welcome anyone with an interest in Magi Astrology to join us.

The Magi Society is the world's largest and fastest growing worldwide association of astrologers with over 5500 members worldwide.

Membership benefits in the Magi Society are designed primarily to help our members to truly learn all the principles of astrology that actually work, especially those of Magi Astrology. Our society is committed to helping our members to master astrology well enough to improve their own lives, to wisely counsel friends and clients, and if they wish, to build a career as a professional astrologer. If this is of interest to you, then you should seriously consider becoming a member of the Magi Society.

We have designed our membership benefits to help our members to gain the maximum benefits from astrology and thoroughly learn the principles of Magi Astrology. By joining the Magi Society, every member receives uniquely valuable computer software (that we continually improve), special lessons on astrology and the right to participate in Magi Astrology Workshops held regularly via conference calls. We also offer a free Certification Program for our most serious members.

Back in the early 1980's, we realized that the software other astrologers were using was woefully inadequate. For this reason, the Magi Society developed its own software programs and we give each of our new members our Members Only software program as a free benefit of membership. We have been developing cutting edge computer software since 1995 and our latest software is loaded with both all-around astrology capabilities plus unique Magi Astrology features.

Since 1995, we have successfully developed and sold five generations of computer software. Our fifth generation software program is AstroGeometry and we offer over a dozen upgrades for the program, including 8 Professional Level Interpretation Upgrades. Even without any upgrades, AstroGeometry is

the best all-purpose astrology program available and it allows you to enjoy, study, learn and utilize both Magi Astrology and Traditional Astrology.

We welcome anyone with an interest in Magi Astrology to join us. Membership costs just \$55 for a year and a one-time \$25 initiation fee.

Even if you join us for just one year, we will give you our latest version of AstroGeometry. For each additional year you join, we give you a credit of \$55 towards the purchase of any upgrades and you may choose which upgrades you wish to buy. For example, if you join us for two years, which costs \$135 (\$55 for each of two years plus one-time initiation fee of \$25), you could choose to receive AstroGeometry plus our Professional Interpretation upgrade for Romance Compatibility.

AstroGeometry is our fifth generation software program. Even the most basic version of AstroGeometry has all you need for fundamental Traditional Astrology and Magi Astrology, and the program also has capabilities no other software program has. (Details of this software program and upgrades are included later in this email.)

If you would like to join us, you may join for just one year. Or you may immediately "Fast Track" your membership by joining for up to 7 years. If you initially join for less than 7 years, you may extend your membership at any time. For each additional year you join us, you will receive a credit of \$55 towards the purchase of a software upgrade. Our Interpretations Upgrades are \$55 each. Details of all upgrades are included later in this email.

We have two levels of membership: Millennium membership and Professional Membership. Your membership level depends on how many years you join us. You may begin with a one-year membership and upgrade at any time.

If you join us for one to four years, you would be a Millennium Member. In addition to our exclusive Members Only software, we give all Millennium Members special lessons on Magi Astrology, access to our Members Only website and the right to participate in our TeleConference Workshops where we teach Magi Astrology.

If you join us for five or more years, you would become a Professional Member. Only Professional Members have the right to join our free Certification Program, and access our Professional Members Only website where we post Magi Astrology lessons no one else can access, and where we teach our most advanced astrological discoveries.

All of our software is designed for Windows and is fully compatible with all Windows systems and will also run on IMACs that are equipped with any version of Virtual PC.

No matter what your level of astrological expertise, we welcome you to join us.

The Magi Society is much more than just a society of astrologers and a supplier of software. We are the world's foremost astrological research organization and have been the leader at making useful astrological discoveries. Since 1995, we have written three astrology books, all of which have become classics. Our books revealed what many believe are the greatest discoveries in all of astrology. As a member, you would learn about our discoveries before anyone else through our Members Only Website.

If you wish to join the Magi Society, you may do so simply by paying us online, or by faxing or sending us your application plus payment. We accept major credit cards and personal checks.

If you would like to join us and pay us online, you may do so by logging onto:

www.LoveOracle.com

And scroll to the bottom of the homepage and click on the PayPal Button, and then follow the PayPal instructions. Please include a note explaining what you paid for, such as "One year membership" or "Three years membership - I choose your Romance Compatibility Upgrade and also your Romance Transits upgrade." If you pay us that way, PayPal will send us a record of your payment within 24 hours. But please email us yourself and tell us you used PayPal to pay us, and give us the details of what you paid for, and we will expedite your membership. We would then be able to email you instructions on how to download your software from one of our sites. You may also request a CD by paying a reasonable shipping and handling charge of \$18 in the US. A backup CD is not necessary since you will always be able to make additional downloads of our software from our websites if your computer crashes or get a new computer.

We offer a free Certification Program for our Professional Members who wish to build a career and make money as a Magi Astrologer. The Certification Program is designed to help members to thoroughly learn Magi Astrology and become competent enough to be able to charge fees and build careers as Magi Astrologers.

We offer four levels of Certification. A good student can achieve the first level in about 6 months and would be certified by us to charge fees for consultations based on Magi Astrology. The complete Certification Process requires about 18 months.

We have included detailed information about our software and membership benefits below, as well as an application and explanation of how easy it is to join us.

We appreciate your interest in Magi Astrology. The Board of Governors of the Magi Society wishes you much happiness, good health and fulfilled dreams in this dawn of the New Age.

Very truly yours,
Karina

THE HISTORY OF THE MAGI SOCIETY

A brief history of the Magi Society is given on the FAQ (Frequently Asked Question section) of our main website, at www.magiastrology.com

The Magi Society was founded in 1625 as a secret society of Shao Lin astrologer-monks in China. We remained a secret society until 1998, when we opened our doors to the public and began to accept members from the general public. Since then the Magi Society has become the world's largest astrology association with about 5500 members worldwide.

THE THREE BOOKS OF THE MAGI SOCIETY

The Magi Society has written three of the most important books in astrology. They are:

Astrology Really Works!

The Magi Society Ephemeris

Magi Astrology: The Key to Success in Love and Money

Their value is attested to by the price for used copies. The Internet sells used copies of book two for hundreds of dollars.

All of these books have been available at the major bookstore chains such as Borders and Barnes & Noble as well as virtually all bookstores specializing in astrology or the New Age.

All printings of the above two books have been completely sold out and the books are now being revised and will be updated to include Chiron and will be made available at first only to our members.

The third book, Magi Astrology: The Key to Success in Love and Money, is already now widely regarded as the most revolutionary book ever written about the astrology of love and money. This book starts at the beginning so **THIS IS THE FIRST BOOK YOU SHOULD READ TO BEGIN LEARNING MAGI ASTROLOGY.**

This book is the result of the most extensive research project ever concluded on the astrology of love, sex and marriage. By combining discoveries made from this research with secrets of the legendary astrologers of China, it is now actually possible to accurately assess what the most likely outcome of any relationship is - will it be True Love or Heartbreak - will you marry this person or not? A trained Magi Astrologer answers such questions better than anyone else can.

As of early 2006, our third book also completely sold out. It is now being revised to include heliocentric astrology before we re-publish as a new book.

But to meet the continued high demand for copies of this book, we have created the first 14 chapters of our third book into two PDF mini-books that you can download from anywhere in the world. You may download the two mini-books by logging onto:

MAGI SOCIETY'S COMPUTER SOFTWARE

Because existing astrology software leaves much to be desired, the Magi Society has developed its own software for astrology. Our latest program is AstroGeometry and it is our fifth generation of software and we give this program to all new members as a free benefit of membership.

AstroGeometry is a "Total Astrology Program" - it was designed to help you utilize the best techniques of all forms of astrology.

The AstroGeometry program allows you to learn and practice not only Magi Astrology, but also the best techniques of Traditional Astrology, Vedic, Uranian Astrology, heliocentric astrology and even Ben Franklin astrology. When you own AstroGeometry, you simply have the best astrology program in the world.

THE PURPOSE OF MEMBERSHIP IN THE MAGI SOCIETY AND HOW TO BECOME A MEMBER

The Magi Society is committed to helping our members learn how to utilize astrology, especially Magi Astrology, to help themselves to both improve their own lives and to wisely counsel friends and clients.

To help our members attain this goal, we provide them with the most useful and powerful computer software in astrology, and also lessons on astrology that contain astrological secrets of the Magi Society. Members will be able to access these lessons through the Members' Only Section of our website. Members may also join in on TeleConference Workshops to help learn astrology and ask questions directly to Certified Magi Astrologers.

Professional Members may also join our free Certification Program. This program is designed to help them learn Magi Astrology for the purpose of becoming a professional astrologer or to simply learn as much Magi Astrology as possible for their own use.

We welcome new members and we have made it very easy for you to join our society. All you have to do is fill out the application form included at the end of this email and pay us at least the first year's dues of \$55 plus a one-time initiation fee of just \$25. We accept all normal forms of payment such as credit cards, debit cards, personal checks, etc.

PROFILE OF OUR MEMBERSHIP

The Magi Society has the most educated and professional membership of any astrological organization in the world. Most of our members graduated from college. About 10% have graduate degrees. Our membership includes officers of the world's largest financial institutions, physicians, professors and obviously, a good number of professional astrologers. When you join the Magi Society, you have joined the astrological organization with the most accredited membership in the world.

BENEFITS OF MEMBERSHIP

For each year, all members will receive:

BENEFIT ONE: Access to our Members Only Website Containing Lessons Revealing Secrets of Magi Astrology.

These lessons are designed to give our members an edge in astrological knowledge over nonmembers. The lessons during the first year of membership are designed to teach our members unpublished Magi Society secrets about Synastry, Financial and Electional Astrology. Synastry is the astrology of compatibility. Electional Astrology is the astrology of choosing the most favorable days to begin a project, or engage in a particular activity. Financial Astrology concerns the astrology of the stock and financial markets and instruments, including individual stocks. These lessons teach how to best utilize Magi Astrology to help our members improve their lives by better understanding their relationships and successfully choosing the best days to begin anything important, such as getting married or starting a job. The lessons also include secrets of Magi Astrology that have never been revealed in any of our books.

BENEFIT TWO: Special computer software

Our Members Only Software has all-around astrology capabilities. It also has the most advanced and useful features for analyzing compatibility and transits so as to more accurately forecast the most likely outcome of any relationship or endeavor. A detailed description of this software is provided below in a later part of this email.

Only members may purchase professional quality INTERPRETATION UPGRADES for compatibility and transit analysis. These Interpretation Upgrades provide world class master astrologer level interpretations (more information about interpretations later in this email). So that you can custom tailor interpretations for an individual client, AstroGeometry allows you to edit and revise these interpretations.

In addition, Magi Society Members are entitled to:

BENEFIT THREE: Right to Join Magi Workshops via TeleConference Calls

The Magi Society conducts Workshops via teleconferencing about once a month. Any member may sign up to receive an invitation. Each member must pay for the phone call that allows the member to participate but there is no additional cost.

A Certified Magi Astrologer teaches each Magi Workshop. There is usually a prepared lesson followed by a question and answer period. The average Magi Workshop lasts about 75 minutes.

This is a fabulous way for all members to learn not only Magi Astrology but to discuss and better understand any other types of astrology.

Those of you who become Professional Members by joining us for five or more years also have the following additional benefit:

BENEFIT FOUR: Only Professional Members of the Magi Society are offered the opportunity to participate in our free Certification Program.

Only Professional Members may join a Certification Team and study towards becoming a Certified Magi Astrologer. Only Certified Magi Astrologers are allowed to charge a fee consulting for the public while using Magi Astrology.

If you requested information about our Certification Program, you will receive a separate email with this information. If you would like more information about Certification, please click on the link below and request information about Certification:

THE COST OF MEMBERSHIP

The cost of membership in the Magi Society is \$55 per year plus a one-time initiation fee of \$25. For each year beyond the first one that you join us, we give you a credit of \$55 towards the purchase of any upgrades for your AstroGeometry program. We offer a hefty number of upgrades for AstroGeometry as detailed below. If you would like to join the Magi Society for one to seven years, please fill out the Application and Software Order Form (at the end of this email) and pay us the appropriate amount. We gladly accept credit/debit cards and personal checks and you may also pay us online.

SOME DETAILS ABOUT OUR SOFTWARE PROGRAMS:

We sold our first software programs in 1996.

In 1998, we launched MagiSoft, our second-generation software. There are over 15 thousand copies of MagiSoft working perfectly worldwide.

In 2004, we launched MagiOracle, our first Financial Astrology Research Program. MagiOracle quickly became the best selling Financial Astrology program anywhere.

In March of 2009, the Magi Society launched AstroGeometry, the world's most advanced and best all-around software program for astrology.

AstroGeometry is a breakthrough in astrology software. The AstroGeometry program we give free to all our members includes all of the capabilities necessary for you to learn and utilize both Magi Astrology and fundamental Traditional Astrology. In addition, AstroGeometry upgrades allow you to utilize the best techniques of both Vedic and Uranian Astrology.

All Magi Society programs are fully compatible with all Windows systems.

AstroGeometry presently has over 10 upgrades available and all of them are for Magi Society Members only.

THE CAPABILITIES OF ASTROGEOMETRY

AstroGeometry allows you to easily create Magi Astrology Charts and also Traditional Astrology charts in the most popular ten house systems. Just enter the date, time, time zone and geographic coordinates, and AstroGeometry calculates and displays either type of chart. (A Magi Astrology Chart is the kind you see in our books and website that includes the declinations. Only Magi Society programs can produce such charts because these charts are copyrighted.)

In every chart, you can include and display the ascendant, midheaven, vertex/or Part of Fortune, true south node, the Four Major Asteroids (Ceres, Pallas, Juno, Vesta) and the Three Crucial Midpoints (Saturn/Chiron, Saturn/Jupiter and Jupiter/Chiron).

AstroGeometry calculates all the midpoints.

Our software provides you with accurate charts for any time in the years 1751-2049. We know other programs claim to provide "data" for years prior to 1750 but in our opinion, some of this data is simply wrong and misleading – no one has accurate data for planetary positions so long ago, especially for the asteroids and farthest planets, including Chiron and Pluto.

You can save or print your data and charts.

ASTROGEOMETRY IS BETTER FOR COMPATIBILITY ANALYSIS THAN ANY OTHER SOFTWARE.

AstroGeometry lets you create a Combined Alignment Chart (CAC) and have one person's planets displayed in red while the other person's planets are displayed in black. AstroGeometry accurately calculates all interaspects with precision and has Planetary Geometry filters that help you to easily see what Linkages and what Clashes any two persons have. (In addition, members of the Magi Society can purchase Professional Interpretation Upgrades that will provide accurate and in-depth interpretations for all of the important Linkages and Clashes. These interpretation upgrades can help you to attain a much better understanding of any relationship as well as help you to accurately assess what the most likely outcome of any relationship will be.)

FOR ANALYZING TRANSITS: AstroGeometry gives you the ability to create a CAC where the natal planets are displayed in black and all the transiting planets are displayed in red. AstroGeometry calculates all the important transits and helps you to easily spot good and bad transits. The program also calculates the precise calendar date and exact time of day that every transit actually peaks (is exact). You can use AstroGeometry to help you find out when anyone will have Cinderella Times and Golden Times.

All of the calculations performed by AstroGeometry always include the declinations and only Magi Society software programs fully integrate the declinations into all of its features and calculations.

In addition, AstroGeometry has other capabilities that are very useful, most of which are not available from any other computer program.

We offer the following upgrades for AstroGeometry, including 8 Professional Interpretation Upgrades, as described below:

INTERPRETATION UPGRADES:

There are FOUR separate Professional Interpretation Upgrades for geocentric astrology:

#1 Romance Compatibility (includes Sexual Compatibility)

#2 Financial Compatibility

#3 Romance Transits (includes Sexual Transits)

#4 Financial Transits

All Interpretation Upgrades provide you with accurate and in-depth interpretations for all the significant interaspects and transits between the standard ten planets plus Chiron. These upgrades are a must for anyone wishing to build a successful career as a professional astrologer. With AstroGeometry's

Professional Interpretation Upgrades, even an average student of astrology can actually render interpretations and predictions that rival those of world-class astrologers.

The AstroGeometry interpretation upgrades contain more than four times the interpretive material than those available in the Planetary Interpreter of our third book and are much more comprehensive.

But there is much more!

Our Professional Interpretation upgrades are designed to help you to prudently assess the POWER and RELATIVE STRENGTH of influence of each individual interaspect and transit. To accomplish this, we have painstakingly provided a numeric rating for each interaspect and transit (which are all copyrighted). For example, all the significant interaspects for romance and sex (upgrade #1 above) include a power and significance rating for each such linkage, activation and clash and there is a separate "power rating" for each of three categories:

Category one: Romance potential and maximum emotional attachment

Category two: Compatibility

Category three: Level of sexual attachment and intoxications

You can edit and revise our interpretations.

The AstroGeometry program can display and print the interpretations and you can edit and revise any interpretation. You may also save your revisions of any interpretation for future insertion into any printed reports.

ADDITIONAL UPGRADES:

A) HELIOCENTRIC UPGRADE:

Allows you to do in Heliocentric astrology all the charts and calculations that AstroGeometry does in geocentric astrology (except Houses because there are no Houses in Heliocentric astrology).

NOTE: The Interpretation Upgrades we described before were for geocentric astrology. We also offer the same four separate Professional Interpretation Upgrades for Heliocentric astrology. So in total, we offer 8 Professional Interpretation Upgrades.

B) ADDITIONAL MIDPOINTS UPGRADE:

Enables AstroGeometry to display any of the "Planetary Midpoints" on any chart and includes them in all calculations. (Planetary Midpoints are those made between any of the normal astrological planets, Sun, Moon, and Four Major Asteroids.)

C) HARMONIC UPGRADE:

Allows you to draw charts in Vedic Harmonics (similar to Traditional Harmonics) in both Magi Astrology Charts and House Charts. Also converts all planetary data to the harmonic selected.

D) EPHEMERIS GENERATOR UPGRADE:

Displays and prints simple ephemerides for each astrological body of the program.

E) BEN FRANKLIN ASTROLOGY UPGRADE:

(Combines our Eclipse Viewer and MagiStarscope): Gives you the ability to practice astrology the way Benjamin Franklin did. You can see whenever there is a Planetary Eclipse or a Star Eclipse (with the brightest 125 stars; all stars with a magnitude stronger than 3.2

F) EXTRA ASTROBODIES UPGRADE (INCLUDES SEDNA):

AstroGeometry offers this upgrade that allows you to include the most recently discovered planets into every calculation and chart. The New AstroBodies upgrade gives you the following seven newly discovered planets (sometimes called planetoids):

Sedna, UB313 (now called Eris), Quaoar, Varuna, Peleus, Orcus, Ixion

All seven AstroBodies work in every basic feature of our program - including CACs and time to exact calculations.

This upgrade is entirely flexible; you may choose to include any combination of these magnificent seven AstroBodies. So if you want to include only Sedna, UB313 and Orcus, you can.

At the Magi Society, we believe Sedna is crucial and has profound astrological influences, especially in Financial Astrology. We highly recommend this upgrade.

G) EXTRA ASTEROIDS UPGRADE:

The basic version of AstroGeometry already includes the four main asteroids, Ceres, Juno, Vesta and Pallas. With this Extra Asteroids upgrade, you can include eleven more of Modern Astrology's favorite asteroids - Amor, Diana, Eros, Hidalgo, Icarus, Lilith, Pandora, Psyche, Saphho, Toro, and Urania - into every chart and calculation, or you can choose to add any combination of these Extra Asteroids.

H) MAGI ZODIAC UPGRADE:

Of all our upgrades, this is the most exciting because this upgrade opens up an entirely new astrological world to every astrologer.

Astrology has always worked – but sometimes it appears as if it may not be working because we did not have some of the missing pieces of the astrological puzzle. But now, Magi Zodiacs give you some of the crucial parts of the astrological puzzle that were missing before. Our Magi Zodiac Upgrade allows you to divide the Zodiac into 5, 7, 8, 9, 10 and 13 equal parts instead of just the normal 12 equal parts. All of these “Magi Zodiacs” are important for defined segments of life – for example, Zodiac 7 (the Zodiac divided into seven equal parts) is essential for understanding historically significant events including historic tops and bottoms in the stock markets, and life changing events in the world and in your life.

I) CRUCIAL MIDPOINTS UPGRADE:

The most basic version of AstroGeometry already includes the Saturn/Chiron, Saturn/Jupiter and Jupiter/Chiron midpoints. When you purchase this Crucial Midpoints Upgrade, AstroGeometry allows you to include any combination of “the most crucial midpoints” into every chartwheel and calculation. In addition to Saturn/Chiron, Saturn/Jupiter and Jupiter/Chiron, the Crucial Midpoints Upgrade provides you the ability to include in every chartwheel and calculation the following seven midpoints:

Saturn/Sedna
Saturn/Uranus
Saturn/Neptune
Saturn/Pluto
Jupiter/Sedna
Jupiter/Uranus
Jupiter/Neptune
Jupiter/Pluto

Midpoints create Planetary Geometry and therefore are essential to any astrological analysis.

[The Heliocentric Upgrade enables any other upgrade to perform Heliocentric equivalents. For example, if you have our Heliocentric Upgrade and Additional Midpoints upgrade, you will have Heliocentric Planetary Midpoints.]

J) NEW FRONTIER PLANETS UPGRADE:

Twenty additional asteroids that are not included in any of our other upgrades listed above, including Midas, Adonis, Dionysus, Kleopatra and Xanthus. Our AstroGeometry program allows you to add up to

33 AstroBodies to all chartwheels and calculations plus all eleven standard planets, and Chiron, Ceres, Juno, Pallas and Vesta, moon, node, ascendant and Midheaven.

If you wish to send anything to one of our office addresses, please email us at magiastrology@aol.com - and let us know what part of the world you are in. We have a main office and satellite offices around

the world and we will email you back the address of our office closest to you. We do not publish our office addresses because when we did so, too many people were contacting us in person trying to get free astrological advice (like “My husband is having an affair – when will it stop?” or “Everything is going wrong now in my life, what should I do?” or “I have lost most of my money, what stock should I now buy?”) We would like to help everyone solve their problems but we do not have the staff to do so.

The Magi Society hopes you will join us, learn Magi Astrology and use it to improve your life and the lives of those you wish to help.
